NAPLES, ITALY**

U.S. JOB OPPORTUNITY ANNOUNCEMENT

Position Title	Information Technology Specialist (Network)			Announcement Number	05NAP-039049-EI
PP-Series-Grade	GS-2210-12			Opening Date	09 May 2005
Starting Salary	\$59,643 PA	Work Schedule	Full-time Permanent	Closing Date	20 May 2005
Job Location	NCTAMS EURCENT, Network Operations Department			Duty Location	Capodichino
Who May Apply	U.S. citizens residing in the Naples/Gaeta commuting area who meet the following conditions. 1. Family members eligible for Schedule A 213.3106(b)(6) appointments. 2. Current Federal employees serving under career or career conditional appointments. 3. Preference eligibles or veterans who have been honorably separated from the armed forces after substantially completing an initial 3-year term from active service.				
About the Job	The incumbent provides a wide range of technical expertise regarding coordination, research, repair, implementation and design of network and network management systems and technology for the OCONUS Navy Enterprise network (ONE-NET). Plans, designs, analyzes, documents, tests, implements, integrates, maintains, and modifies network and network management systems or software directly supporting ONE-NET at each Navy Europe high concentration site. Serves as local and regional (Wide) area network (WAN) manager and administrator. Analyzes networks and related equipment (hardware) in terms of feasibility, compatibility, and cost-effectiveness for purchase and use within the organization. Performs work in the development, testing, implementation, evaluation and maintenance of network and network management systems. Manages, administers, and ensures security, maintenance and operations of network management systems. Responsible for the installation, support and implementation of Wide Area Network systems and applications.				
OPM Qualification Requirements	<u>APPLICANT MUST MEET EXPERIENCE OR EDUCATION REQUIREMENTS:</u> <u>EXPERIENCE:</u> One (1) year of specialized experience equivalent to at least the GS-11 grade level is required. Specialized experience is experience that demonstrated accomplishment of computer project assignments that required a wide range of knowledge of computer requirements and techniques pertinent to the position to be filled. This knowledge is generally demonstrated by assignments where the applicant analyzed a number of alternative approaches in the process of advising management concerning major aspects of ADP system design, such as what system interrelationships must be considered, or what operating mode, system software, and/or equipment configuration is most appropriate for a given project.				
Tell us about your experience	1. Knowledge of information processing standards and procedures. 2. Knowledge of current network/telecommunications technology and practices. 3. Ability to apply knowledge of network and network management systems to perform problem resolution. 4. Ability to give oral presentations and to communicate in writing.				
Job Conditions	1. Must be able to obtain/posses a Top Secret security clearance. 2. This position requires the employee to travel away from the normal duty station.				
Pertinent Information	1. Applicants who are U.S. citizens and also citizens of Italy are not employable in a U.S. position. 2. Application package, including documents required by the SOFA, must be submitted by closing date of this announcement. 3. Highest previous rate may be authorized. 4. Selection to this position will use your military spouse preference. 5. The Department of the Navy CHART certificate will be issued for this position.
